

Infoto PCL-LT112X

INFO TO PCL-LT112X

Brief Introduction

Beta 2.5

The Infoto PCL-LT112X LCD projector has 3600 Ansi lumens, a contrast of 15000:1 and an XGA 1024 x 768 resolution. The manufacturer specifies a lamp life of 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. The projector also offers an integrated media player that can be used to play files directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 3600 Ansi lumens ensure that a picture width of 523 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 349 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port to perform 1080p / 60 Hz image mirroring (screen mirroring). The projector can also play 1080P without any problems. The projector was launched in 2016 and is no longer sold by the manufacturer.
