

Infoto PCL-LT114U

Brief Introduction

Beta 2.5

The Infoto model PCL-LT114U is an LCD projector with WXGA 1280 x 800 resolution and a contrast of 15000:1. The manufacturer Infoto specifies a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. Horizontal and vertical keystone correction makes image adjustment childs play. 4000 Ansi lumens ensure that a picture width of 643 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). 1080P playback is also no problem for the projector. This model is no longer offered by Infoto.
