

iSinbox YG381 W

EAN/UPC:B0GXFHTBSR

Brief Introduction

Beta 2.5

A brief introduction to the YG381 W: The iSinbox Standard Portable LED LCD Projector offers 1,500 ANSI lumens, a contrast ratio of 25,000: 1 and an HDTV resolution of 1920 x 1080. The manufacturer specifies an LED lifespan of 30,000 hours, which, based on 4 hours? viewing per day, would amount to over 20.5 years. Horizontal and vertical keystone correction ensures that setting up the image is a breeze. Thanks to its 1,500 ANSI lumens, the projector can effectively illuminate a screen width of up to 352 cm. However, in well-lit rooms, the image width should ideally be less than 235 cm. As the projector recognises DLNA, AirPlay and Miracast screen mirroring signals, it is possible to play videos directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS) in high resolution with surround sound. In addition, thanks to its Bluetooth functionality, the projector can be flexibly paired with other speakers. Furthermore, the projector can play back 1080p and 4K (compressed) without any issues.
