JAVES ZZT CX100D

A brief introduction to the ZZT CX100D: The JAVES LED LCOS projector offers 100 Ansi lumens, a contrast of 200:1 and an XGA 1024 x 768 resolution. Due to the LEDs, the projector is specified with 20000 hours of light life, which is over 13.7 years with a daily viewing time of 4 hours. The integrated media player allows files to be played directly. The projector will be able to illuminate the 87 cm picture width well. However, if room light is available, the picture width should ideally not exceed 58 cm. This model is no longer offered by JAVES.
