

JVC DLA-NZ8 B/W

JVC DLA-NZ8 B/W

The DLA-NZ8 B/W 3D laser DILA projector from JVC has 2500 Ansi lumens, a contrast of 80000:1 and a UHD (4K+2K) 4096 x 2160 resolution. The manufacturer specifies a laser life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The projector also offers a lens shift function, which makes image adjustment childs play. 2500 Ansi lumens ensure that a picture width of 443 cm is also possible. However, if room light is available, the picture should be a maximum of 295 cm wide. Playback of 1080P and 4K as well as 3D is also no problem for the projector, meaning that all Blu-ray formats currently available can be recognized by the projector.
