Foot-Lamberts

The standard portable EH2B LCD has 120 Ansi lumens, a contrast of 1000:1 and an SVGA 800 x 600 resolution. As Klarstein specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. A picture width of up to 95 cm is possible, as the projector has 120 Ansi lumens. However, if room light is available, the picture should be max. 63 cm wide. The projector is no longer sold by the manufacturer.

1 x LCD TFT Panel

SVGA 4/3 Liquid Crystal Display

Projector

120 / 2000 Lumen

1000:1 full on/off

0,1200 min. Lumen
