

Klarstein LCDP-HD-Q-2000-B

K L A R S T E I N L C D P - H D - Q - 2 0 0 0 - B

Brief Introduction

Beta 2.5

The standard portable Klarstein LCDP-HD-Q-2000-B LED LCD projector has 168 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 768 resolution. Due to the LEDs, the projector is specified with 20000 hours of light life, which is over 13.7 years if enjoyed for four hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. As Klarstein specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 168 Ansi lumens ensure that a picture width of 132 cm is also possible. However, if room light is available, the picture should be max. 88 cm wide. This model is no longer offered by Klarstein.

Display Type

LCD TFT Panel
WXGA 15/9 Liquid Crystal Display

Ansi-Lumen

840 / 2800 Lumen

350 Lux (200 cm Screen width)
