

LG CineBeam PU700R

LG CINEBEAM PU700R

The LG CineBeam PU700R 3D DLP projector has 1000 Ansi lumens, a contrast of 150000:1 and a UHD (4K2K) 3840 x 2160 resolution. The integrated media player can play files directly. A picture width of up to 321 cm is possible. However, the picture should be smaller in room light. We recommend max. 214 cm. Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. Furthermore, the projector can play 1080P and 4K as well as 3D without any problems, and therefore all currently available Blu-ray formats can be recognized by the projector.

1 x DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector	1000	Screen	444 Lux (200 cm Screen width)
