

LG HS101

LG HS101

The Game-Portabel HS101 LED DLP projector from LG has 100 Ansi-Lumen, a contrast of 2000:1 and a SVGA 800 x 600 resolution. The manufacturer LG specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The brightness of 100 Ansi lumens enables a picture width of 87 cm. In room light, the picture should be max. 58 cm wide. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. The operating noise of just 28 decibels makes the projection quiet. It was launched on the market in 2007 and is no longer offered by the manufacturer LG.

Brief Introduction

Beta 2.5

Display Type

1 x 0,55" DLP Chip
SVGA 4/3 Ti Digital Light Processing Chip
