

LG PW1000G

LG PW1000G

The PW1000G 3D LED DLP projector from LG has 1000 Ansi lumens, a contrast of 100000:1 and a WXGA 1280 x 800 resolution. The manufacturer LG specifies a service life of 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. Includes an integrated media player that can be used to play files directly. 1000 Ansi lumens ensure that a picture width of 321 cm is also possible. However, if room light is available, the picture should be a maximum of 214 cm wide. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). It is also Full HD 1080P and 3D compatible. The projector was launched in 2018 and is no longer sold by the manufacturer, but is still very popular in our projector database.

Brief Introduction Beta 2.5

Display Type

 1 x 0,45" DMD DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip
