

Liesegang ddv 1111

A brief introduction to the ddv 1111: The Liesegang DLP projector offers 1200 Ansi lumens, a contrast of 400:1 and an XGA 1024 x 768 resolution. An image width of up to 302 cm is possible as the projector has 1200 Ansi lumens. However, if room light is available, the picture should be a maximum of 201 cm wide. The projector was launched in 2000 and is no longer sold by the manufacturer. It should also be noted that, unfortunately, there are no longer any replacement lamps for the projector, neither originals nor replicas.

Brief Introduction

Beta 2.5

Display Type

1 x Chip DLP
