

Liesegang dv 300

Brief Introduction

Beta 2.5

A brief introduction to the dv 300: The Liesegang LCD projector offers 550 Ansi lumens, a contrast of 200:1 and an XGA 1024 x 768 resolution. An image width of up to 204 cm is possible. However, the image should be smaller in room light. We recommend max. 136 cm. This model is no longer offered by Liesegang. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
