

Luxeon D520P

LUXEON D520P

Brief Introduction

Beta 2.5

The standard portable D520P DLP projector from Luxeon has 2000 Ansi lumens, a contrast of 1500:1 and an XGA 1024 x 768 resolution. The horizontal and vertical keystone correction provides leeway when setting up. A picture width of up to 389 cm is possible. However, the picture should be smaller in room light. We recommend max. 259 cm. The model is no longer offered by Luxeon. It should also be noted that there are unfortunately no more replacement lamps available for the projector, neither originals nor replicas.
