

LYNCAST C200 Pro

LYNCAST C200 PRO

The C200 Pro LED LCD projector from LYNCAST has 200 ANSI lumens, a contrast ratio of 1500:1, and HDTV 1280 x 720 resolution. It is an LED projector with a light life of 30,000 hours, which is over 20.5 years when used for four hours a day. Since the projector has horizontal and vertical keystone correction, it can be set up with plenty of space in the room. An image width of up to 144 cm is possible. However, the image should be smaller when the room is lit. We recommend a maximum of 96 cm. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. The model is also Full HD 1080P compatible.
