

Maxell MP-TW3011

MAXELL MP-TW3011

The short-throw MP-TW3011 laser LCD has 3300 Ansi lumens, a contrast of 500000:1 and a resolution. The manufacturer specifies a laser service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. With a projection ratio of just 0.3:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 60 cm away from the screen. The HDMI MHL (Mobile High-Definition Link) port enables 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. The projector can also play 1080P without any problems. On the market since 2018, the model is no longer offered by the manufacturer Maxell.

 3 x 0,59" LCD TFT Panel
WXGA 16/10 Liquid Crystal Display

Projector	3300	Screen	1320 Lux (bei 200 cm Screen)
