Maxxo LED800

EAN/UPC:B0CLDZKNMX

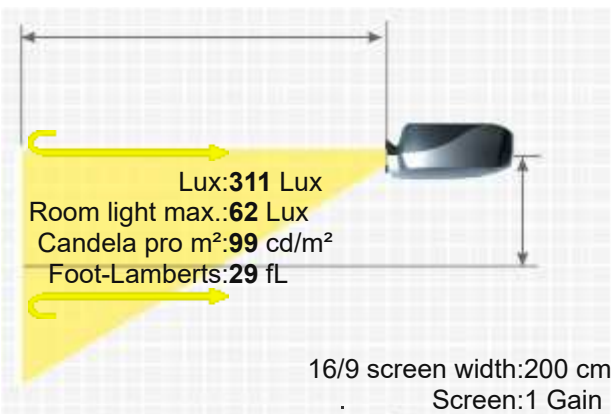

Beta 2.5

Brief Introduction	The Maxxo LED800 LED LCD projector has 700 ANSI lumens, a contrast ratio of 5000:1, and an HDTV resolution of 1920 x 1080. Thanks to the LEDs, the projector has a lifespan of 30,000 hours, which would equate to over 20.5 years at 4 hours per day. Since the projector features horizontal and vertical keystone correction, it can be set up with plenty of space in the room. With its 700 ANSI lumens, the projector can effectively illuminate an image width of up to 230 cm. However, in room lighting, the image width should ideally be less than 153 cm. Since the projector supports AirPlay, Miracast, and screen mirroring, it?s possible to stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Another notable feature is that the projector?s Bluetooth function allows it to connect to external wireless speakers. It is also compatible with Full HD 1080p and 4K (compressed).
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
