MEDIA LY GX90

Brief Introduction

Beta 2.5

The MediaLy model GX90 is an LCD LED projector with WVGA 800 x 480 resolution and a contrast of 800:1. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. As MediaLy specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. Due to the brightness of 696 Ansi lumens, a picture width of 268 cm is possible. In room light, the picture should be max. 179 cm wide. The model is also Full HD 1080P compatible. The operating noise of just 30 decibels makes the projection quiet. The model built in 2016 is no longer offered by MediaLy.

Display Type

1 x 3,97" LCD TFT Panel
