MEDIA LY LED B100

Brief Introduction

Beta 2.5

The MediaLy model LED B100 is an LCD LED projector with SVGA 800 x 600 resolution and a contrast of 800:1. Due to the LEDs, the projector is specified with 50000 hours of light life, which is over 34.2 years with a daily look of 4 hours. As MediaLy specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. Due to the brightness of 108 Ansi lumens, a picture width of 91 cm is possible. In room light, the picture should be max. 61 cm wide. It came onto the market in 2014 and is no longer offered by the manufacturer MediaLy.
