

miroir HD Projector MP150

M I R O I R H D P R O J E C T O R M P 1 5 0

Brief Introduction

Beta 2.5

A brief introduction to the miroir HD Projector MP150. The DLP projector has an HDTV 1280 x 720 resolution and a contrast of 400:1. An image width of up to 144 cm is possible. However, the image should be smaller in room light. We recommend max. 96 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. The projector was launched in 2015 and is no longer sold by the manufacturer.
