

# miroir L710S Pro Smart

M I R O I R L 7 1 0 S P R O S M A R T

## Brief Introduction

Beta 2.5

The standard portable L710S Pro Smart LED LCD has 400 Ansi lumens and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. A picture width of up to 203 cm is possible. However, the picture should be smaller for room lighting. We recommend a maximum of 135 cm. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.
