

miroir MP60

M I R O I R M P 6 0

The Game-Portabel MP60 DLP projector from miroir has 85 Ansi lumens, a contrast of 1000:1 and a WVGA 854 x 480 resolution. An image width of up to 94 cm is possible. However, the image should be smaller in room light. We recommend max. 63 cm. Thanks to the built-in 3800 mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. It is also Full HD 1080P compatible. The model built in 2018 is no longer offered by miroir.
