

Mitsubishi UL7400U

MITSUBISHI UL7400U

The Mitsubishi UL7400U LCD projector has 5000 Ansi lumens, a contrast of 2000:1 and a WUXGA 1920 x 1200 resolution. Includes a lens shift function, which provides freedom during installation. The projector can illuminate a picture width of 718 cm well. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 479 cm here. Playing 1080P is also no problem for the projector, which can even project Blu-rays onto the ceiling thanks to the 360° projection. The model built in 2012 is no longer offered by Mitsubishi.

 3 x 0,76" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display

Projector 5000
