

Nec M322X

NEC M322X

The Nec model M322X is a DLP projector with XGA 1024 x 768 resolution and a contrast of 10000:1. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The horizontal and vertical keystone correction provides leeway when setting up. As the M322X is equipped with a microphone jack plug and 20W speaker, no additional audio system is required for presentations or training courses. An image width of up to 493 cm is possible as the projector has 3200 Ansi lumens. However, if room light is available, the image should be a maximum of 329 cm wide. The projector can also play 1080P and 3D without any problems. The projector was launched in 2014 and is no longer sold by the manufacturer.

Brief Introduction Beta 2.5

Display Type

 1 x 0,55" DLP Chip
XGA 4/3 Ti Digital Light Processing Chip
