

Nec P605UL

NEC P605UL

Brief Introduction

Beta 2.5

The Nec P605UL 3D laser LCD projector has 6000 Ansi lumens, a contrast of 600000:1 and a resolution. Thanks to the laser technology, the projector has a light life of up to 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The integrated lens shift gives freedom when positioning the projector. An image width of up to 787 cm is possible, if the image width is smaller (we recommend max. 525 cm), rooms with residual light are also no problem. It is also Full HD 1080P and 3D compatible. At just 26 decibels, the device is one of the quieter projectors. This model is no longer offered by Nec.

Display Type

3 x 0,64" LCD TFT Panel mit MLA
WUXGA 16/9 Liquid Crystal Display with Micro Lense Array
