

Nec ViewLight NP-P547ULJ

NEC VIEWLIGHT NP-P547ULJ

The Nec model ViewLight NP-P547ULJ is an LCD projector with WUXGA 1920 x 1200 resolution and a contrast of 3000000:1. The projector also offers an integrated media player for direct file playback. The projector also offers a lens shift function that makes image adjustment childs play. Thanks to the brightness of 5400 Ansi lumens, a picture width of 747 cm is possible. The projector will also cope with slightly brighter rooms with a smaller image width (we recommend max. 498 cm). If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. Playing 1080P and 4K (compressed) is also no problem for the projector, and it even has the option of projecting HD 1080P and 4K (compressed) Blu-rays onto the ceiling thanks to 360° 1/2 projection. At just 22 decibels, the device is one of the quieter projectors.
