

Nonete NT20

NONETE NT20

The Game-Portabel Nonete NT20 LED LCD projector has 200 ANSI lumens, a contrast ratio of 10000:1, and HDTV 1920 x 1080 resolution. Thanks to the LEDs, it has a service life of 30,000 hours, which is over 20.5 years when used for four hours a day. The projector also offers an integrated media player that allows files to be played directly. The horizontal and vertical keystone correction allows the projector to be positioned very freely. The projector can illuminate up to 144 cm of image width thanks to its 200 ANSI lumens. However, in room lighting, the image width should ideally be less than 96 cm. The projector has Airplay and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs with Android, Windows, or iOS via Wi-Fi. Another extra feature worth mentioning is that the projector can be connected to external wireless speakers via Bluetooth. Furthermore, the projector can play 1080P and 4K (compressed) without any problems. Compared to others, the projector is very quiet with an operating noise of 25 decibels.
