

O.B.E Minions Cinema

A brief introduction to the Minions Cinema: The O.B.E Micro-Portable LED LCD Projector offers 300 ANSI lumens, a contrast ratio of 1500:1 and an HDTV resolution of 1920 x 1080. The manufacturer, O.B.E, specifies a lifespan of 20,000 hours, which would equate to over 13.7 years at 4 hours? use per day. Horizontal and vertical keystone correction provides flexibility when setting up. 300 ANSI lumens ensure that an image width of 227 cm is possible. However, if there is ambient light in the room, the image should be no more than 151 cm wide. Google TV transforms the projector into a smart entertainment centre with countless functions. The model supports AirPlay, Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. It is also compatible with Full HD 1080p and 4K (compressed).

Brief Introduction

Beta 2.5

Display Type

1 x 3" LCD Panel
HDTV 16/9 Liquid Crystal Display
