

OKYUK HY320

OKYUK HY320

The HY320 LED LCD projector from OKYUK has 300 ANSI lumens, a contrast ratio of 1500:1 and HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which equates to over 20.5 years at 4 hours per day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The projector can illuminate a screen width of 176 cm well. However, if there is ambient light in the room, the image width should not exceed 117 cm. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Even 1080P and 4K (compressed) playback is no problem for the projector. At just 25 decibels, the device is one of the quieter projectors available.
