

Optoma DH400

OPTOMA DH400

The Optoma model DH400 is a DLP projector with HDTV 1920 x 1080 resolution and a contrast of 15000:1. The integrated lens shift gives freedom when positioning the projector. Thanks to the brightness of 4000 Ansi lumens, an image width of 643 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend max. 429 cm). A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. Even 1080P video signals and 3D are no problem for the projector. The model built in 2016 is no longer offered by Optoma.

1 x 0,65" DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector	4000	Screen	1778 Lux (bei 200 cm Screen)
