

Optoma EH341

OPTOMA EH341

The Optoma model EH341 is a DLP projector with HDTV 1920 x 1080 resolution and a contrast of 20000:1. The lamp life is up to 4000 hours, which is over 5.5 years if enjoyed for two hours a day. Thanks to the brightness of 3500 Ansi lumens, a picture width of 601 cm is possible. The projector will also cope with slightly brighter rooms with a narrower image width (we recommend max. 401 cm). The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. The projector can also play 1080P and 3D without any problems. The operating noise of just 26 decibels makes the projection quiet. It was launched on the market in 2015 and is no longer offered by the manufacturer Optoma.
