

Optoma H184X

OPTOMA H184X

Brief Introduction

Beta 2.5

The Optoma H184X 3D DLP projector has 3600 Ansi lumens, a contrast of 28000:1 and a WXGA 1280 x 800 resolution. The lamp life is specified by the manufacturer as 12000 hours, which converts to over 16.4 years at 2 hours per day. A picture width of up to 610 cm is possible, if the picture width is smaller (we recommend max. 407 cm), rooms with residual light are also no problem. Playing 1080P is also no problem for the projector. With only 27 decibels of operating noise, the model is already very quiet compared to others. The model built in 2018 is no longer offered by Optoma.
