

Optoma HD21

OPTOMA HD21

The Optoma HD21 BrilliantColor DLP home cinema projector has 1900 Ansi lumens, a contrast of 5000:1 and an HDTV 1920 x 1080 resolution. 1900 Ansi lumens ensure that a picture width of 443 cm is also possible. However, if room light is available, the picture should be a maximum of 295 cm wide. Furthermore, the projector can play 1080P without any problems. It was launched in 2011 and is no longer offered by the manufacturer Optoma.
