

Optoma HD31UST

OPTOMA HD31UST

A brief introduction to the Optoma HD31UST. The short-throw DLP projector has an HDTV 1920 x 1080 resolution and a contrast of 28000:1. The lamp life is up to 15000 hours, which converts to over 20.5 years at 2 hours per day. The horizontal and vertical keystone correction allows the projector to be positioned very freely. With a projection ratio of just 0.25:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 50 cm away from the screen. Even 1080P video signals and 3D are no problem for the projector. The operating noise of just 26 decibels makes the projection quiet.
