

Optoma ML1050ST

OPTOMA ML1050ST

With the ML1050ST, manufacturer Optoma offers a DLP LED projector with WXGA 1280 x 800 resolution and a contrast of 20000:1. The service life of the LEDs is 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The integrated media player can play files directly. The projector can illuminate a picture width of up to 321 cm thanks to its 1000 Ansi lumens. In room light, however, the image width should ideally be less than 214 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). Playing 1080P and 3D is also no problem for the projector.

1 x DLP Chip
