

Optoma W301

OPTOMA W301

A brief introduction to the Optoma W301. The DLP projector has a WXGA 1280 x 800 resolution and a contrast of 15000:1. The manufacturer Optoma specifies a lamp life of 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. A picture width of up to 556 cm is possible. However, the picture should be smaller in room light. We recommend max. 371 cm. It is also Full HD 1080P and 3D compatible. With only 28 decibels of operating noise, the model is already very quiet compared to others. The model built in 2013 is no longer offered by Optoma.

Brief Introduction
