

Panasonic PT-LB386

PANASONIC PT-LB386

The standard portable Panasonic PT-LB386 3D LCD projector has 3800 Ansi lumens, a contrast of 20000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 10000 hours, which converts to over 13.7 years at 2 hours per day. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 3800 Ansi lumens ensure that a picture width of 537 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 358 cm. Furthermore, the projector can play 1080P without any problems. The model was built by Panasonic in 2020 and is no longer current.
