PANASONIC PT-TW371R /E/U

A brief introduction to the Panasonic PT-TW371R /E/U. The short-throw LCD projector has a WXGA 1280 x 800 resolution and a contrast of 16000:1. The manufacturer Panasonic specifies a lamp life of 10,000 hours, which equates to over 13.7 years with a daily viewing time of 2 hours. Horizontal and vertical keystone correction makes setting up the picture childs play. As it is a short-throw projector, the projector can be positioned very close to the wall. For a 2 m wide picture, the projector only needs to be 92 cm away from the screen. Playing 1080P is also no problem for the projector. The model built in 2018 is no longer offered by Panasonic.
