

Prixton Picasso

A brief introduction to the Picasso: The Prixton LED LCD projector offers 260 ANSI lumen, a contrast ratio of 3000:1, and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a light source lifespan of up to 30,000 hours, which translates to over 20.5 years at 4 hours per day. The built-in media player allows files to be played directly. Built-in horizontal and vertical keystone correction provides flexibility when setting up the projector. 260 ANSI lumens ensure that an image width of up to 170 cm is possible. However, if there is ambient light in the room, the image should be no wider than 113 cm. The projector supports AirPlay and Miracast screen mirroring, allowing you to stream high-resolution videos and surround sound directly via Wi-Fi from smartphones, tablets, and PCs running Android, Windows, or iOS. It is also Full HD 1080p compatible.

Brief Introduction

Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

260

116 Lux (200 cm Screen width)

Contrast
