Ceiling Mounting

With the Action! model zero five mk II, manufacturer projectiondesign offers a DLP projector with WPAL 1024 x 576 resolution and a contrast of 3000:1. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. 1000 Ansi lumens ensure that a picture width of 321 cm is also possible. However, if room light is available, the picture should be a maximum of 214 cm wide. It is also Full HD 1080P compatible. At just 28 decibels, the device is one of the quieter projectors. The model was built by projectiondesign in 2004 and is no longer current.
