

Promacto Pro X12

Brief Introduction

Beta 2.5

The micro-portable Promacto Pro X12 3D LED DLP projector has 1000 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The projector also offers an integrated media player that can be used to play files directly. 1000 Ansi lumens ensure that a picture width of 321 cm is also possible. However, if room light is available, the picture should be a maximum of 214 cm wide. Thanks to the built-in rechargeable battery, the projector does not require a power supply for 2 hours, so it can be set up spontaneously and easily anywhere. The model is also Full HD 1080P and 3D compatible. The projector is very quiet compared to others with 30 decibels of operating noise. This model is no longer offered by Promacto.

Display Type

1 x 0,45" DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip
