

DP8400x/ DP8500x

High-performance installation—innovative ease of use.

THE POWER OF PERFECT PROJECTION

Four optional user-replaceable bayonet lenses offering throw ratios from 0.8 to 7.2:1 allow versatility for any venue and can be changed in three easy steps. Native XGA resolution, 750:1 contrast ratio, and 3500 lumens (DP8400x) or 4500 lumens (DP8500x), combine to deliver images that are captivating and compelling.

THE POWER TO UPGRADE

The DP8400x and DP8500x are solutions-enabled—offering seamless integration with network and wireless applications so you can upgrade to networking, presentation management, and wireless solutions with ease.

THE POWER TO CONNECT

Experience seamless compatibility with connectivity that supports three separate PC and three separate video sources. Control your projector via RS-232 or TCP/IP interfaces. Connect analog and digital sources with support for HDTV and computer sources up to UXGA resolution. BNC connectors make for secure, professional installations.

THE POWER OF INNOVATION

User-focused innovations—based on years of research—enable intuitive use. Features designed for both IT and end-users allow for trouble-free projector use and management.

DP8400x/DP8500x

THE POWER OF TOTAL CONFIDENCE

With an array of options and control features, the DP8400x and DP8500x give you flexibility in a platform you can upgrade to wireless or PC-based control. Upward compatibility offers a rich, stay-on-top-of-technology future that includes laptop and wireless control. Gain total reliability for the high-performance demands and the flexibility of installation in a variety of large-venue applications, including auditoriums, outdoor stages, and concert halls.

ILLUMINATING IMAGES

Illuminate large training rooms, conference centers, classrooms and houses of worship with stellar brightness and image quality. Power zoom, focus and lens shift, plus horizontal and vertical keystone correction provide the highest level of professional installation performance and control.

Together with the DP8400x's 3500 and the DP8500x's 4500 lumens of brightness, that means brilliant projected images that persuade, awe, and amaze even the largest audiences.

VERSATILE PRESENTATION OPTIONS

The DP8400x & DP8500x are high-performance installation projectors designed to integrate into any room with presentation flexibility and innovative ease of use. Add either to your

ProjectorNet

network right out of the box with ProjectorNet™ by InFocus® Corporation,

and manage all your assets from a single PC. Users can gain complete control from their laptop with InFocus ProjectorManager™, a free application that turns any PC into an advanced projector remote control. Adjust settings, switch sources, even access power management controls and presentation collaboration tools. Both projectors are also compatible with the InFocus LiteShow® wireless solution, the first cable-free digital projection solution of its kind. No unplugging and plugging cables to switch between presenters. Just simple wireless collaboration.

UNIQUE OPTIONS

Four optional user-replaceable bayonet lenses can be changed without hassle—so a different lens is just three easy steps away. Just remove two screws from the front bezel, push and twist. It's that easy. The lamp can be replaced even while the unit is mounted, allowing for simple maintenance. Plus, compatibility with multiple video and data sources ensures smooth set up and trouble-free presentations for users, and a minimum of service calls for IT and other support staff.

INNOVATION FOR PERFORMANCE

Incorporating years of usability research, the ease-of-use philosophy we call ProjectAbility makes projection easier. ProjectAbility lets you take advantage of your Proxima projector from the moment you take it out of the box. Color-coded connectors make hooking up to any source easy, even for first-time users. Choose the exact function you need with just one touch at the top of the projector. It's all clearly labeled. Our intuitive keypad offers instant-display, one-touch access for the most common commands. Combining features and design that benefit the installer, IT manager and presenter, the DP8400x or DP8500x are solid choices you can stake your reputation on.
