

Pyle PRJD904

PYLE PRJD904

Brief Introduction

Beta 2.5

A brief introduction to the PRJD904: The Pyle LED LCD projector offers 90 Ansi lumens, a contrast of 1200:1 and a VGA 640 x 480 resolution. The manufacturer Pyle specifies a service life of 50,000 hours, which is 34.2 years if enjoyed for four hours a day. The integrated media player allows files to be played directly. As Pyle specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. A picture width of up to 83 cm is possible, as the projector has 90 Ansi lumens. However, if room light is available, the image should be max. 55 cm wide. The model was built by Pyle in 2013 and is no longer current.
