

Qiaolet HY300 Pro

QIAOLET HY300 PRO

The Qiaolet HY300 Pro LED LCD projector has 130 ANSI lumens, a contrast ratio of 1500:1, and HDTV 1280 x 720 resolution. Thanks to its LEDs, the projector has a light life of up to 30,000 hours, which equates to over 20.5 years at 4 hours per day. It includes an integrated media player that allows files to be played directly. The horizontal and vertical keystone correction provides flexibility when setting up. 130 ANSI lumens ensure that an image width of 116 cm is also possible. However, if there is room lighting, the image should be no more than 77 cm wide. Another extra feature worth mentioning is that the Bluetooth function allows the projector to be connected to external wireless speakers. The projector can also play 1080P without any problems. Compared to others, the projector is very quiet with an operating noise of 25 decibels.
