

Roly RL-C1U

ROLY

LASER

Brief Introduction Beta 2.5

The RL-C1U laser LCD projector from Roly has 3300 ANSI lumens, a contrast of 100000:1 and a WUXGA 1920 x 1200 resolution. It is a laser projector with a 20000-hour light lifespan, which would be the equivalent of over 13.7 years at 4 hours a day. The projector can be set up in a variety of positions thanks to the horizontal and vertical keystone correction. With an image width of up to 584 cm, the projector has 3300 ANSI lumens. However, if room lighting is present, the image should not exceed 389 cm in width. Furthermore, the projector can play 1080P without any problems.
