

Salange HY300 Ultra

EAN/UPC:B0FKG7XWN3

SALANGE HY300 ULTRA

The Game-Portabel HY300 Ultra LED LCD has 300 ANSI lumens, a contrast ratio of 8000:1 and an HDTV resolution of 1280 x 720. Thanks to its LEDs, the projector has a lamp life of up to 30,000 hours, which would equate to over 20.5 years at 4 hours? use per day. The projector is equipped with a built-in media player, so playing files directly is no problem. Horizontal and vertical keystone correction provides flexibility when setting it up. An image width of up to 164 cm is possible. However, in well-lit rooms, the image should be set to a smaller size. We recommend a maximum of 109 cm. The projector supports AirPlay and Miracast screen mirroring, which allows high-resolution videos and surround sound to be streamed via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. In addition, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. Furthermore, it is compatible with Full HD 1080p and 4K (compressed). With an operating noise level of just 25 decibels, the projector runs quietly.
