Brief Introduction

Beta 2.5

The Samsung SP D400S/F DLP projector has 4000 Ansi lumens, a contrast of 3000:1 and an XGA 1024 x 768 resolution. An image width of up to 551 cm is possible, if the image width is smaller (we recommend max. 367 cm), rooms with residual light are also no problem. The operating noise of just 30 decibels makes the projection quiet. It was launched in 2008 and is no longer offered by the manufacturer Samsung.
