

Schneider Kreuznach CDP 3500

The Schneider Kreuznach model CDP 3500 is a DLP projector with HDTV 1920 x 1080 resolution and a contrast of 1800:1. The built-in lens shift function provides freedom when setting up. 3500 Ansi lumens ensure that a picture width of 601 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 401 cm. Even 1080P video signals are no problem for the projector. It was launched in 2010 and is no longer offered by the manufacturer Schneider Kreuznach.
