

Sharp PG-D50X3D

SHARP PG-D50X3D

Brief Introduction

Beta 2.5

With the PG-D50X3D, manufacturer Sharp offers a standard portable DLP projector with XGA 1024 x 768 resolution and a contrast of 2500:1. An image width of up to 616 cm is possible as the projector has 5000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 411 cm. Playing 1080P is also no problem for the projector. The model built in 2010 is no longer offered by Sharp.
