

Sony VPL CX235

SONY VPL CX235

Brief Introduction

Beta 2.5

A brief introduction to the Sony VPL CX235. The LCD projector has an XGA 1024 x 768 resolution and a contrast of 3100:1. The projector also offers a lens shift function, which makes image adjustment child's play. 4100 Ansi lumens ensure that a picture width of 558 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 372 cm. At just 30 decibels, the device is one of the quieter projectors. It was launched in 2012 and is no longer offered by the manufacturer Sony.
