

Sony VPL-DX270

SONY VPL-DX270

A brief introduction to the Sony VPL-DX270. The standard portable LCD projector has an XGA 1024 x 768 resolution and a contrast of 4000:1. The manufacturer Sony specifies a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours of use. An image width of up to 515 cm is possible as the projector has 3500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 343 cm. Furthermore, the projector can play 1080P without any problems. On the market since 2016, the model is no longer offered by the manufacturer Sony.
